"Medicis" Answered-The "Morbus' Part Thoroughly Reviewed-No. Cholera in Memphis.

The Dicta of one Medical Han must not a Allowed to untweigh the Oninion of Hundreds.

EDITORS APPEAL-In your issue of Davis's report to General Schofield, June 13th, I see an article beaded "An General Sherman said, may Answer to T. T. Wright." The author differ from that published in the gus himself "Medicis." I didn't know papers. General Davis is too expense my article required an answer, and rienced an officer to do anything know that "Medicis" has that would bring odium upon the army, swered or retuted anything I said in varieties. I am sure that no harm wartial, for exceeding his duty as an officer. The general thinks there will be in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with an increased attention of Swedenborgians has continued in active session with a swedenborgian has continued in active session with a swedenborgian has a swe man result from anything I said. But Models the feet. The general thinks there will be Modeles to cholera in Memphis, I asserting we have no cholera in Memphis, he asserting we have to cholera in Memphis, he asserting we have no cholera in Memphis, he asserting and a very large attendance of interests and a section of the flust making of our people and a very large attendance of interests was transacted before the last day of the session. The item of most interest to Tennesseans is the licensing yesterday, by a vote of the convention, of a missionary for our state, to travel, and preach, and teach it was a pity the guilty Models were not it was a pity the guilty Models were not in the flust asserting and a very large attendance of interests day, all asserting of the Models after the first day, all all.—The one hundred thousand dollars libed of Jacob Hawkins vs. the Picapune has been going on for three days before the fourth district court. Te-day a jury was empanded the last day of the session. The item of mundred thousand deliars libed of a spectators. But little business of living.

Resolutions of the Alignment of the last day of the session. The work in the same locality, seeking shot at first, then all this commission the Swedenborgian doctrines. Show it may destroy; that if I could business and expense would have been gestleman is a paid to go the rounds with some of avoided. As to the killing already of a few prisoners, General Sherman says of McMinnville, formerly a circuit that those who committed the deed are in great haste. He says we send of priville functions of the says we send to great haste. He was quite new to the work, but it is who had nothing whatever to do with conveying the idea that they all the army. or, that cholera-morbus never killed a common time of thing. Now, Messrs. Editors, above is a frightful and appalling ture of Memphis by Mr. "Medicits," also we have to the private detective are to the property of the case to the private detective are to the property of the case to the private detective are to the property of the case to the private detective are to the property of the case to the private detective are to the property of the case to the private detective are to the private are to the p

the of Memphis by Mr. "Medicis," case to the private detective agency, if true, why don't you compel your reporter to report the hundreds of been offered for his arrest. and dying put off the numerous that land at our wharf? for you THE FOLARIS INVESTIGATION.

A Washington special says the testifts a start was been worse on the river than on the land; yet you have failed to report one death or one failed to report one death or one failed to report one death or one failed to report on the contain altogether. The same reported for one of the dides and most respectable physicians and find the report of the read on the report of the read on the report of the read on the report of the report of the report of the read on the report of the safety of the Polaris, and the same rape in the Cochies and his form the discussion of the safety of the Polaris, and the same rape in the collection of the safety of the Polaris, and the cochies and his same report in the read on opportunity to the same rape in the collection on the same rape in the collection of the same rape in the collection of the same rape in the collection of the same rape in the polarist investigation has been treated to report in the read on the same rape in the polarist port of the same rape in the polarist tors, some said it was cholera-tors with convestion.
